WHAT ARE THE BENEFITS OF THE MID-NJ CHAPTER?

We are a local and regional community of like-minded L&D professionals who thrive to support each other and advance the skills, experiences, and credibility of our members.

We provide a wide range of benefits from peer to peer learning to seminars/webinars, networking opportunities, mentorship programs, sharing and learning from each other; building expertise along with both practitioner and client perspectives.

TESTIMONIALS/AWARDS

Sharing our Success Program

We are among a select number of chapters who were recognized for "best practices" among the local ATD chapters. This will be used as models for other chapters.

This recognition honors several chapters that demonstrate their commitment to managing a successful organization as well as advancing the talent development profession at the local level.

In 2020, these chapters collaborated on regional webinar series as a way to expand the number of programming offers, increase the variety of talent development topics and expand networking opportunities.

This partnership continues in 2021.
